■ ☒ ☒

-
- The figure consists of a 3x3 grid of bar charts. Each chart represents a different policy scenario for achieving the Sustainable Development Goals (SDGs) by 2030. The y-axis for each chart ranges from 0 to 100, representing the percentage of countries. The x-axis for each chart lists the 17 SDGs, represented by their respective icons. The top row, labeled 'No action', shows that no country achieves any of the SDGs by 2030. The middle row, labeled 'Current policies', shows that 100% of countries achieve SDGs 1 through 12, while 50% of countries achieve SDGs 13 through 17. The bottom row, labeled 'Ambitious policies', shows that 100% of countries achieve all 17 SDGs by 2030.
